HIROTEC AMERICA is the world's leading comprehensive engineering company; providing state of the art tooling, engineering services, and products to automotive manufacturers across the world.

We are seeking a **Hem Die Technician** to become a part of the HIROTEC AMERICA family.

******This position requires Travel to the Customer Site******

The ideal candidate will have the opportunity to gain experience in hem dies. The candidate will gain expertise and be trained in preliminary inspection and documentation of hem dies, documenting changes of sheet metal changes, performing modifications after consultation with die leader, and servicing of dies.

Qualifications: A one year certificate or 6 months related experience, knowledge of weld on dies, building fundamentals, strong interpersonal skills and a passion to learn.

Excellent work environment and benefits await you!

Only those whose experience best meets the Company's requirements will be contacted.

No Phone Calls Please.

Please e-mail your resume and salary requirements to humanresources@hirotecamerica.com
